

What Does It Feel Like When A Man Comes Inside You.

BEWISEPROF.COM

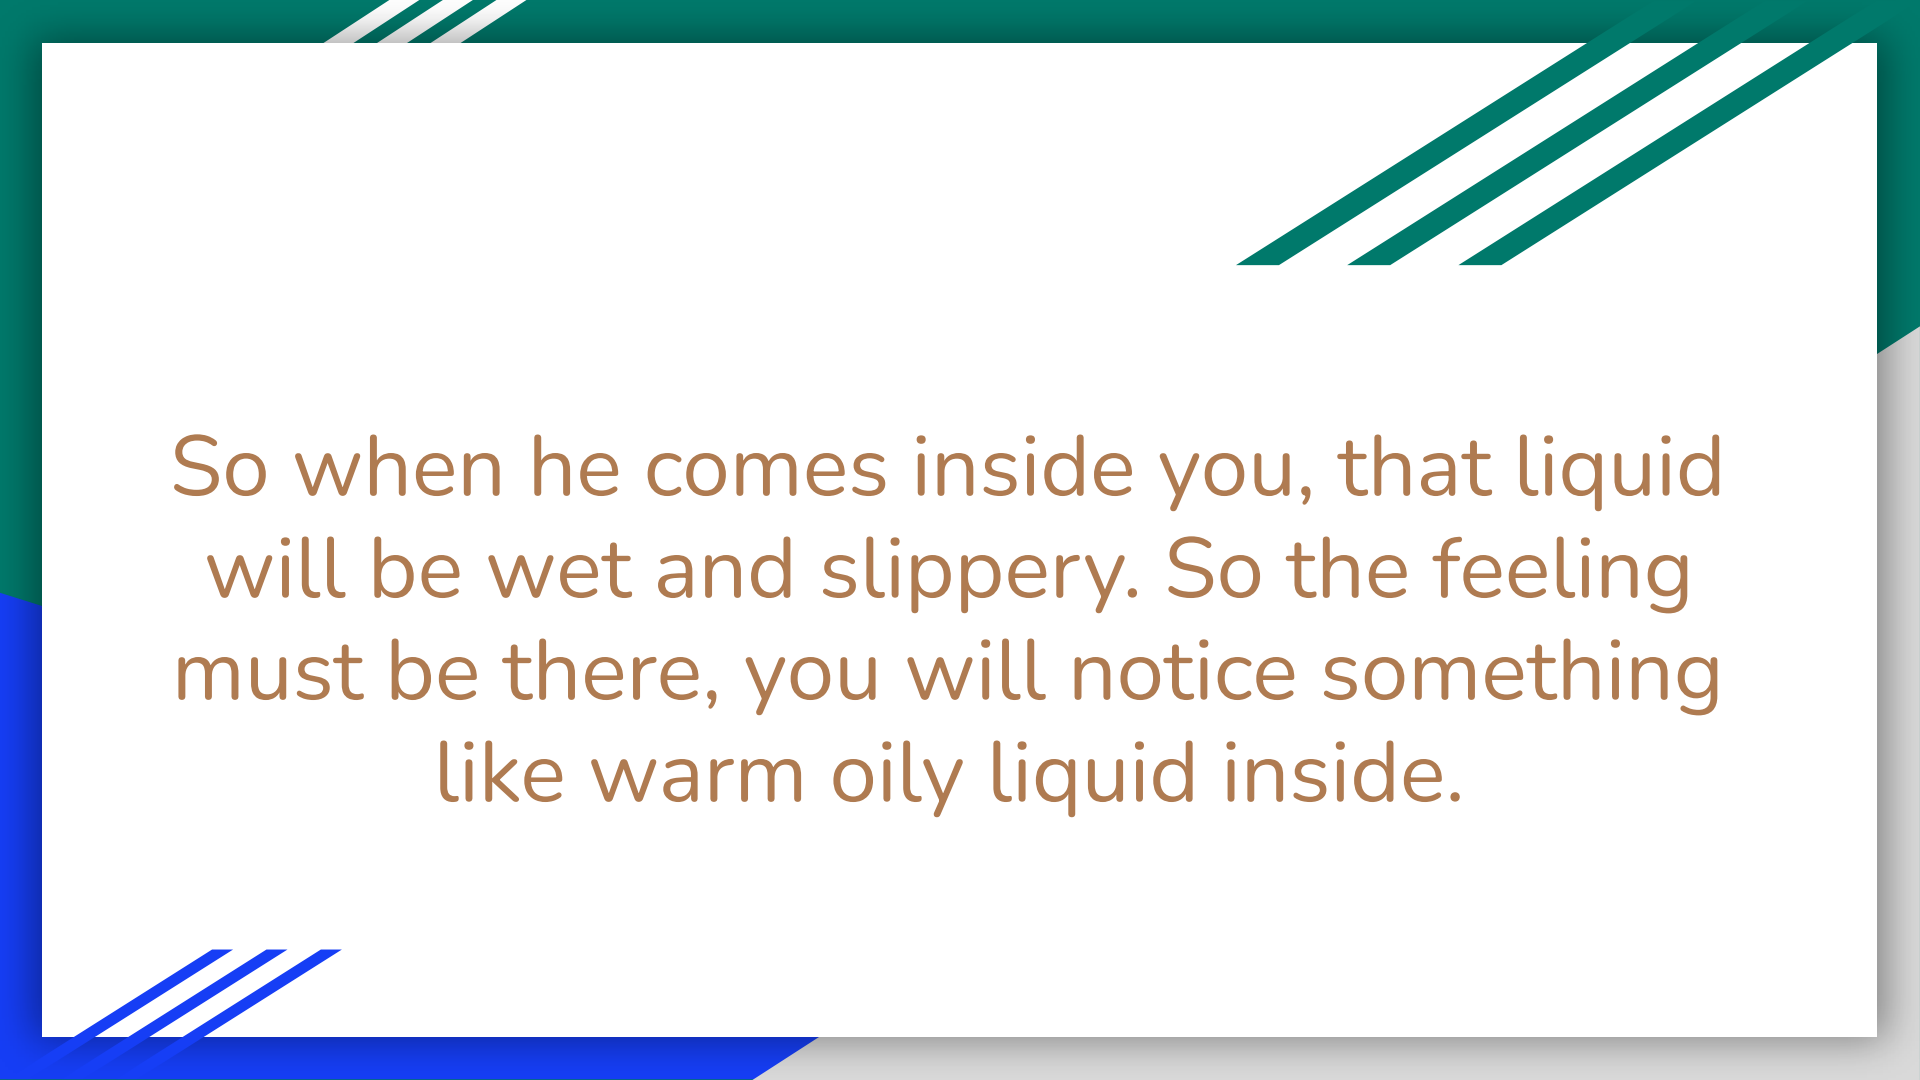

First of all, the feeling that you will get as soon his about to insert his tool inside of you. For instance, when my man come inside of me, only the pushing alone got me to another level. I feel as if heaven is about to go down; it was so smooth and enjoyable. The twisting and the pushing alone is the number thing that will get you to the top.

Secondly, I felt so warm and a kind of happiness. The joy that a man is touching you to the sweetest zone of womanhood. The most lukewarm feelings you will be getting inside you will be different from other mild you have ever experienced, for instance.

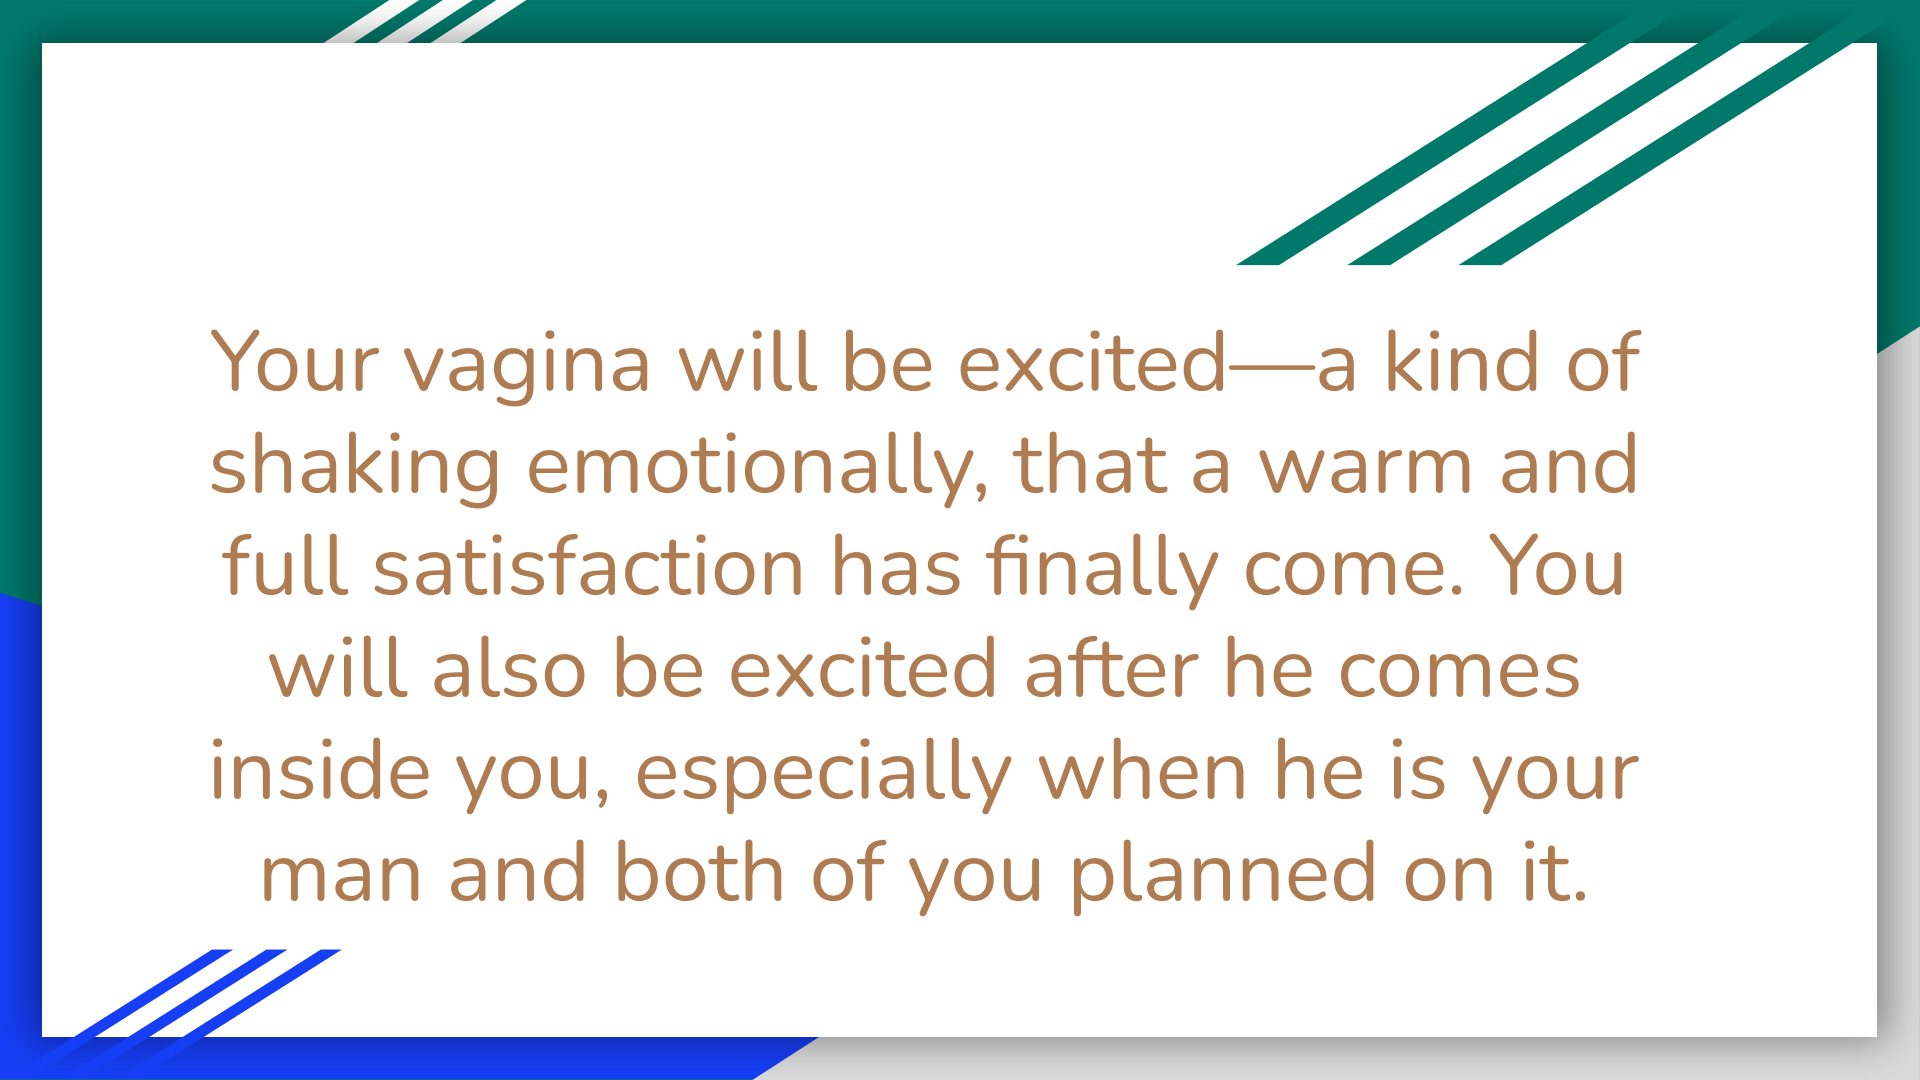

If a man is coming inside you, your inner side will welcome it, and it will be a kind of smooth and Cool. And you will feel as if your happiness is about to start, an unexpected joy that you can not control even if you tried to will find a way to escape your cheeks.

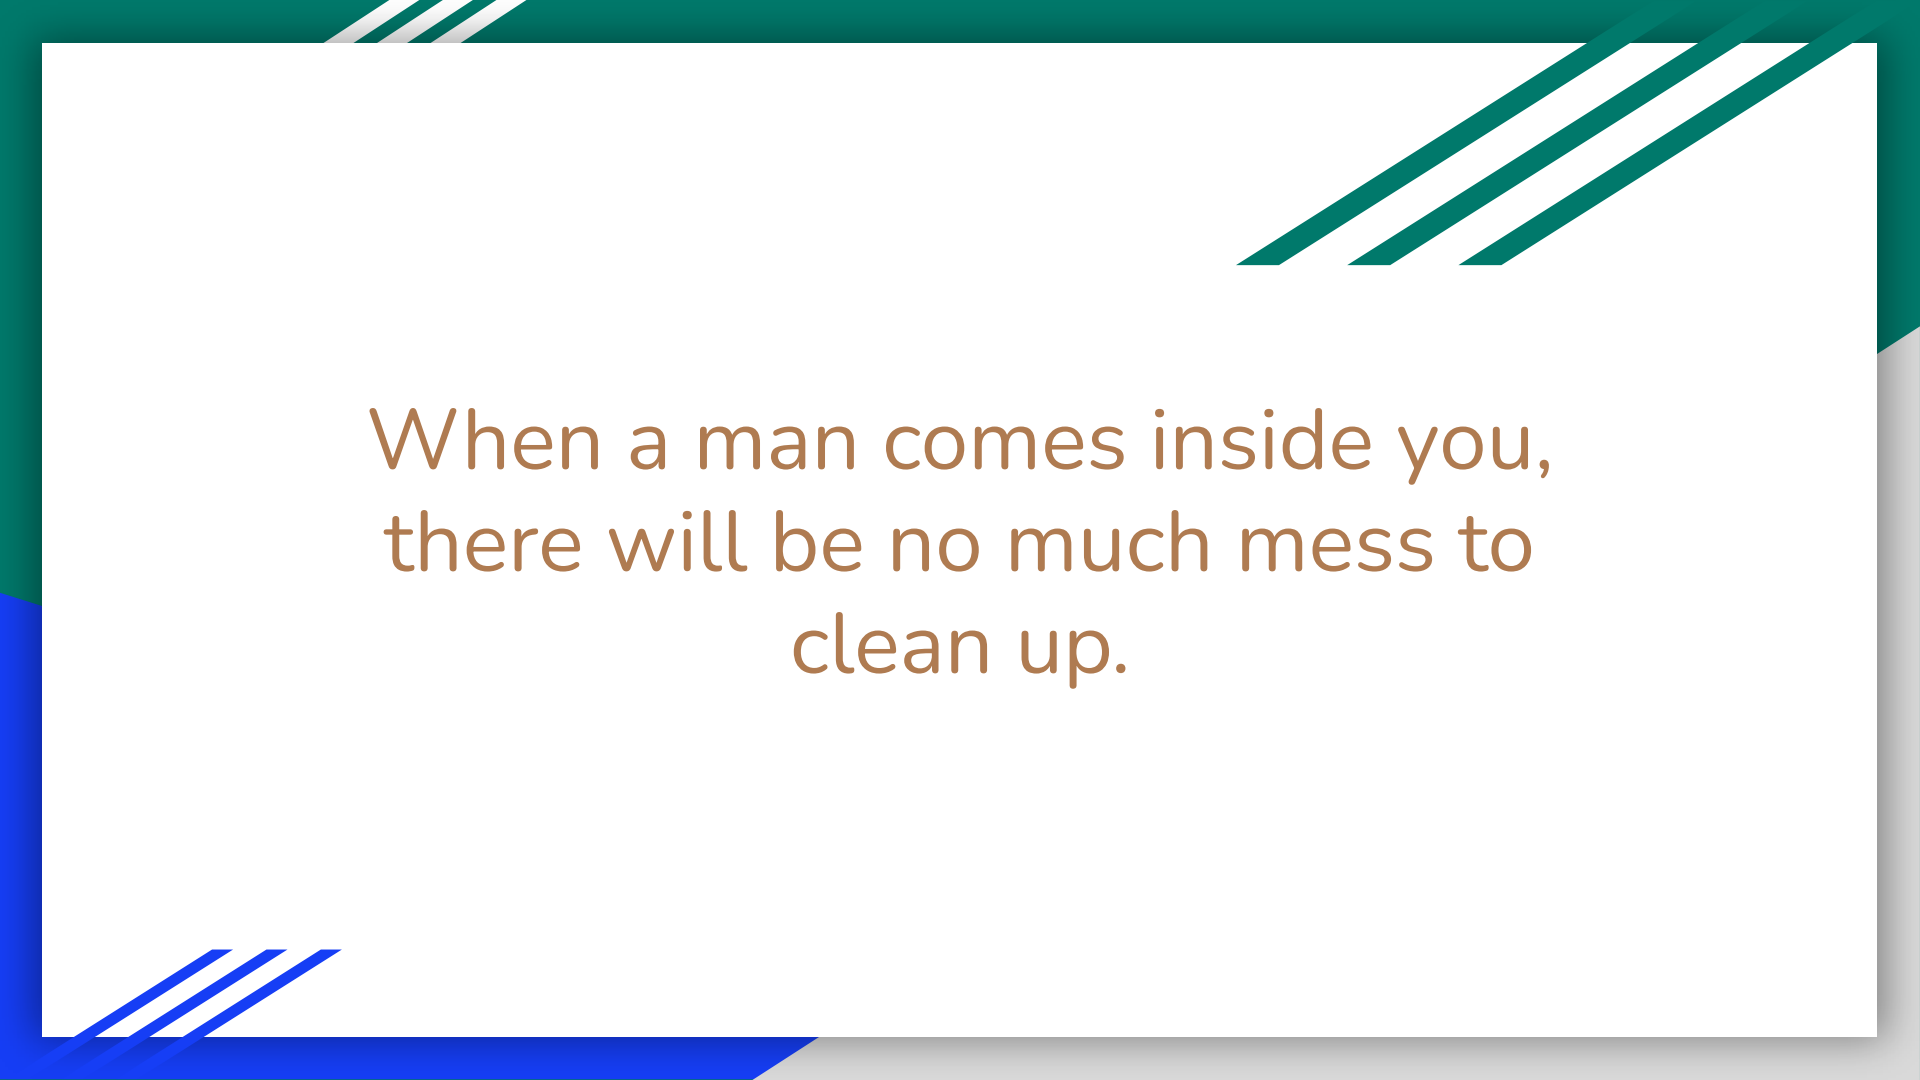

Lots of laughter, both you and your partner. Thirdly, as soon as his comes reaches your innermost zone, you will feel so wet and slippery inside. You will be wet and loaded with a lot of creams. For instance, when you are about to receive his cum, the urge, and force that will be added to remove the excess load in him inside of you, just like you know, that sperm is in liquid form, a bit thick and slippery.

So when he comes inside you, that liquid will be wet and slippery. So the feeling must be there, you will notice something like warm oily liquid inside.

Your vagina will be excited—a kind of shaking emotionally, that a warm and full satisfaction has finally come. You will also be excited after he comes inside you, especially when he is your man and both of you planned on it.

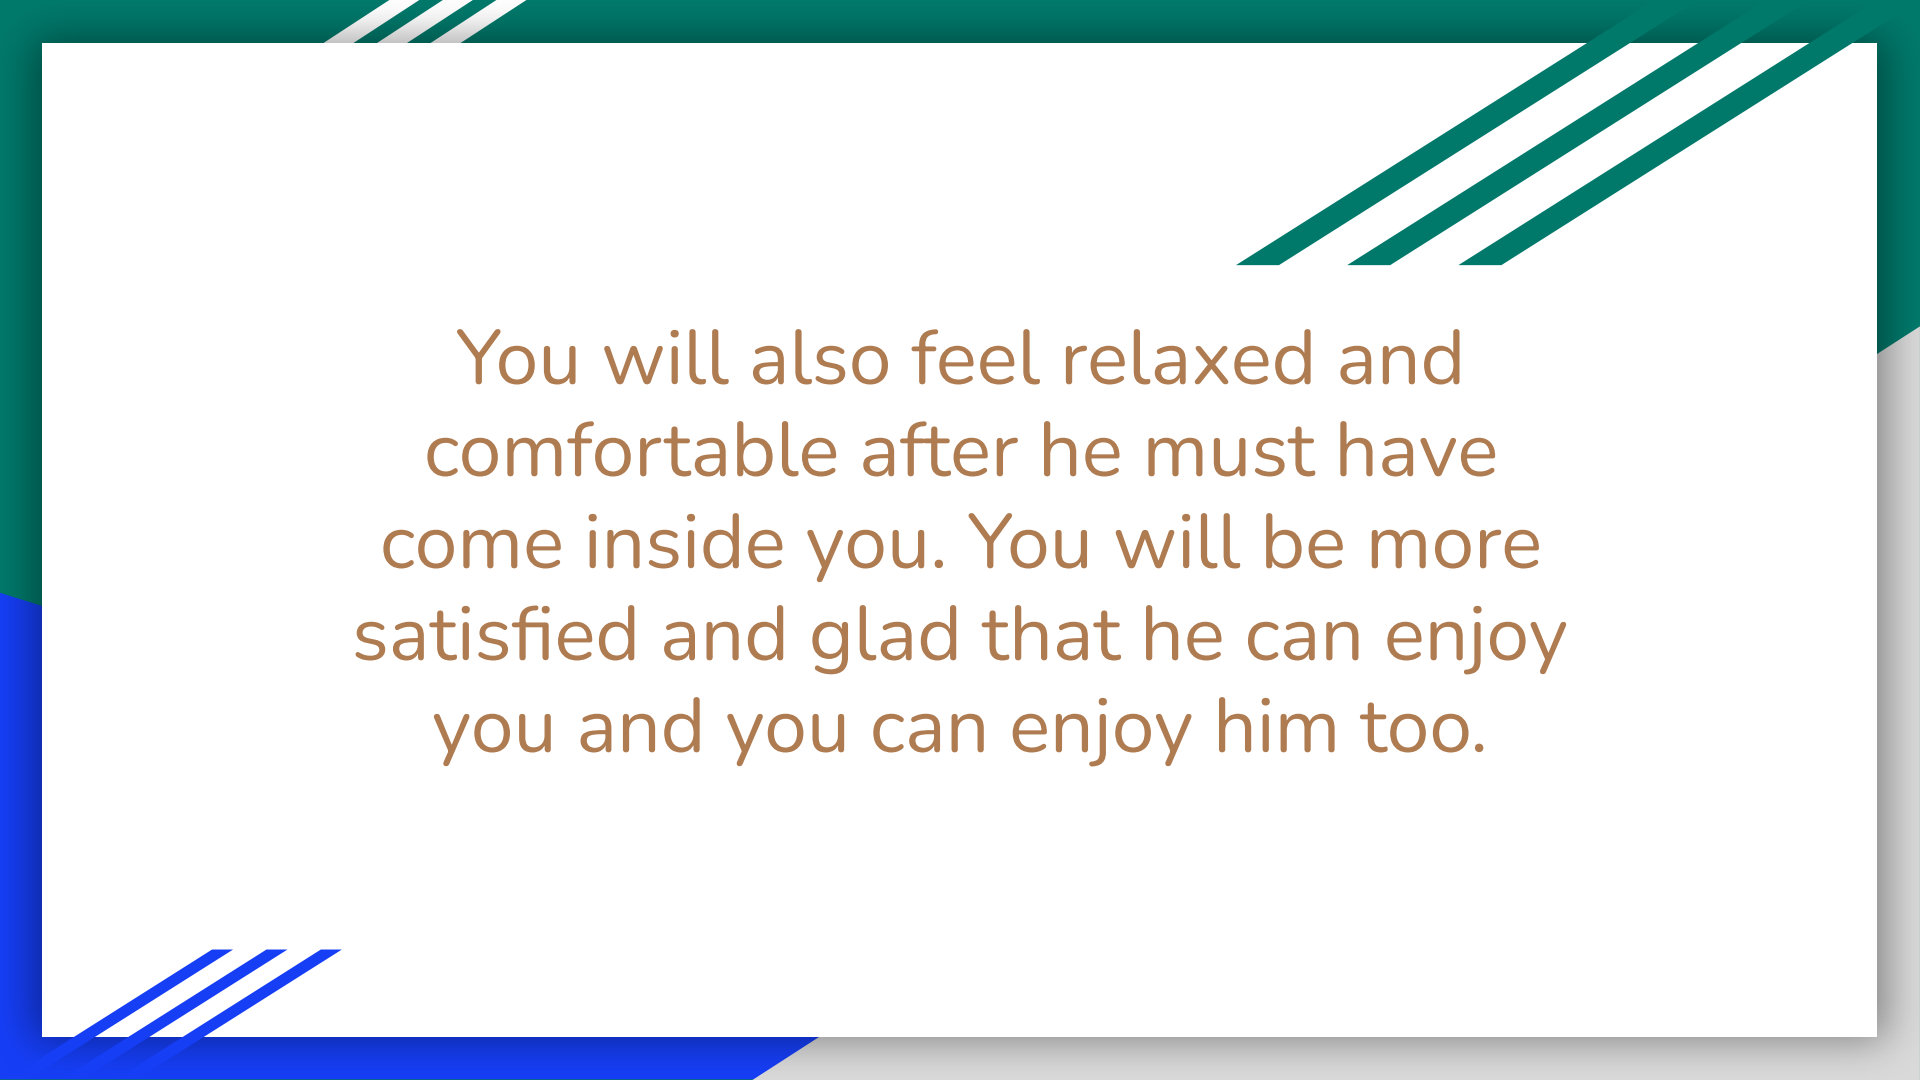

When a man comes inside you,
there will be no much mess to
clean up.

Because his cum is already inside, you both will not have to smell or clean up the environment. It will be less work for both of you. Doing it feels much more comfortable and better because there is no mess to handle. Everything is intact. For instance, there's no way you can clean a mess when there's no mess.

It feels special. Because it's only a man that you can trust and willing to stay with, you can allow coming inside you. A man that you just meet or you know less about may not come inside you. The reason is that you may be afraid of getting pregnant or contracting STD or any other sexual infection. So it feels special when a man comes inside you. Due to it will make you like more about him.

Sometimes you may feel nothing when a man comes inside you. It depends on von individual body. Sometimes lack of concentration can make you not understand the feeling you may be getting at that time. Sometimes stress or depression can deprive you of seeing the possible feelings of comes from a man. So that may make you not to feel anything when a man comes inside you.

When a man comes inside, it feels intimate. For instance, when my man comes inside me, it feels incredibly intimate knowing that he is part of me, and I will be willing to trust and love him throughout. So it felt incredibly intimate when he came inside me.

You will also feel relaxed and comfortable after he must have come inside you. You will be more satisfied and glad that he can enjoy you and you can enjoy him too.
